To Whom it may concern:

I am asking for a product donation on behalf of a non-profit 501c3 organization called Homes for Our Troops. They build homes for severely injured service members at no cost to them and rely heavily on volunteers and community support. They are presently building a home for LCpl Daniel Peterson in Tomball, TX.

While on his second deployment, Marine Special Forces, Lance Corporal Daniel Peterson was left a double amputee after an explosion in the Southern Helmand Province of Afghanistan on July 24, 2010. Returning from a classified mission, the Special Forces Team was making their way along a tree line while returning to base when a bomb exploded, hurling LCpl Peterson more than ten feet into the air. Landing in the crater created by the explosion, Daniel immediately knew he was seriously injured. Suffering traumatic amputations to both of his legs, LCpl Peterson also had a fractured pelvis; the broken bones and shrapnel from the blast causing further internal injuries. LCpl Peterson continues to receive therapies at Brooke Army Medical Center.

You can learn more about our project and this very deserving service member by visiting the following link: www.homesforourtroops.org/peterson

A Build Brigade will run from 8:30AM-5PM on January 6, 7 and 8, 2012. We are looking for food for 100-125 volunteers to include breakfast, lunch, snacks and beverages, for all three days. This donation would go to feed these volunteers during the Build Brigade event to thank them for their time and to keep the construction going. Anything you can do to assist us is much appreciated.

I am more than happy to answer any questions or concerns you might have. Please contact me at the information below if I can be of assistance.

Thanks so much for your consideration of this donation request!

Sincerely,
Autumn Oster
